Subject: RE: CVS CAREMARK Transitioning Generic Pharma

Brenda,

While it will raise orders at both McKesson and Cardinal, orders thru ABC will be reduced. Let's not let Suspicious order monitoring limit or restrict shipments because this is only a swapping of business between wholesalers.

Thanks,

Victor M Borelli

<< File: 4073_001.pdf >>

CS has contacted Kathy Kearney at the CVS - Patterson, CA location to get the necessary information for a new ship to acct set up. Once the properly completed paperwork is received back, we will forward to CDIG for the set up. If the Bill to acct is already established, the pricing contract should already be in effect. If a new Bill To acct needs to be set up, the new acct #'s will need to be forwarded to Sally Steiner.

Please review the attachment as I believe it indicates an increase in ordering for several of our existing wholesaler/distributors. This might raise a red flag in the suspicious order monitoring reports.

Lois Cahill will be the main contact as she handles CA customers.

Thank you,

Brenda Rehkop
